

Air handling unit for school ventilation VERSO R 1000 FSA C5

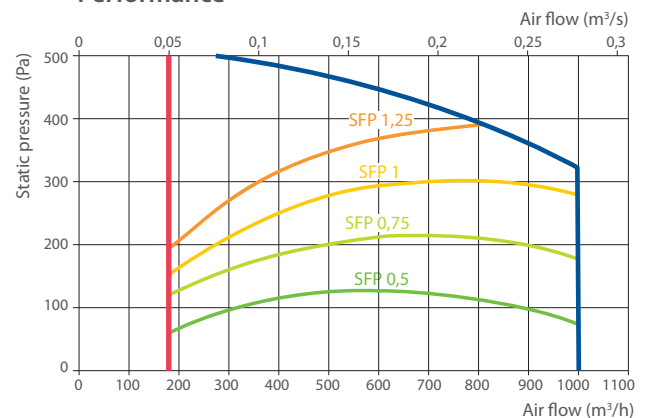

The unit is intended to ventilate one room (classroom) by installing the unit to the ceiling

Technical data

Nominal air flow, m ³ /h / 100 Pa	1000
Nominal fan power, W	123
Noise at distance 3 m, dB(A)	35
Dimensions B × H × L, mm	1050 × 485 × 3000
Weight, kg	238
Thermal efficiency of heat recovery, %	77
Electric air heater capacity, kW	3

Performance

Right (R1)
